  "Kevin Mira":
},
{ "Summary":  Programmer.
  Self-taught programmer writing and compiling C code 40 plus hours a week
  over the past three years. Alumnus of a college level computer science
  bootcamp, 42 Silicon Valley, that focuses in project-based learning with
  peer-to-peer corrections. Life long learner with a bachelors degree from
  Saint John's College in Liberal Arts looking to provide you solutions.
},
{ "Projects":
  Advent_of_Code:
    • Over 5,000 lines of C code solving various problems.
    • Helper program that uses cookies to fetch user's input
      from contest website and auto initialize directories and
      files.
    • Single file header library with powerful functionality.
    • Rank 1st in private leaderboard of other 42 Alumni.
    • Extensive use of the standard C library.
    • Lots of file Parsing!
  Build_the_Bay:
    • Weeklong Hackathon for the City of Newark.
    • Worked in a team of 4 other people to build a website.
    • Used HTML/CSS, React, and JSX for Backend and Frontend.
    • Hackathon was used as AB testing for possible solutions
      to attract customers to family owned businesses, with
      city council members as judges.
  uplinkx:
    • Porting C code to run on the web.
    • Used emcc to create web assembly objects from old games
      I had written in C: Pacman, FlappyBird, Chess, Tic Tac
      Toe, 2048.
    • Github io pages were used to host the server.
    • Wrote JavaScript and HTML/CSS that surrounds the running
      window of the game and other parts of the website.
},
{ "Activities":
  42 Ambassador:
    • Oct 2019: Volunteer at Samsung Developer Conference for various Bixby booths.
    • Sep 2019: Helped Oracle build a 1024 Raspberry Pi cluster for the CodeOne
      conference. Volunteer at said conference managing booths, and greeting
      attendees.
    • Sep 2019: Volunteer at Google DevFest.
  42 Audio/Visual crew member:
    • Mar 2019 – Feb 2020: Technical Assistant responsible for setting up various
      equipment for events including HashCode, Women in Tech, AngelHack.
